BOURBON COUNTY TO MAKE SUCCESSFUL RED CROSS DRIVE

President Wilson on Tuesday issued a proclamation designating the week beginning Monday, May 20, as "Red Cross" week, and calling upon the American people to contribute generously to the second \$100,000,000 war fund of the American Red Cross for the alleviation of suffering among the fighting forces and civilian populations of the allied countries.

The drive in this county for the Red Cross fund will be opened at the same time. The committee having the work in charge is planning to have a monster mass meeting at the Grand Opera House, in this city, on the evening of Sunday, May 19, the day preceding the opening of the campaign in the State and the nation. Prominent speakers will be present and deliver addresses to the audience. A musical program will also be presented. The committees have not yet concluded their program, and the list of speakers and the nature of the musical program and other arrangements for the mass meeting will not be known until some time next week. Due notice will be given through the Paris papers.

Owing to the fact that this is an unusually busy time of the year with the farmers and the further fact of labor being scarce they are compelled to make the best possible use of their time, the committee will endeavor to condense the drive as far as possible into one day, the opening day, Monday, May 20. The sum of \$20,000 has been apportioned to Bourbon county. It is planned by committee to have the county outside of Millersburg, raise the sum of \$17,000, with Millersburg supplying the remaining \$3,000.

The Publicity Committee of the campaign held a meeting Tuesday night, at which plans were formulated for boosting the campaign. They held another meeting Wednesday night at which representative colored men who will take part in the drive among their race, were present, and participated in the conference as to publicity methods. A meeting of the Soliciting Committee was held Wednesday afternoon, presided over by County Chairman James Caldwell, when the workers were given their instructions, and told to get ready to make a combined assault upon the money bags of the people of Bourbon county in the interest of the Red Cross campaign.

CYNTHIANA "DINKEY" TO BE RESTORED NEXT MONDAY.

Mayor R. S. Withers, of Cynthiana, has been notified officially by Mr. J. A. Morrison, of Paris, Superintendent of this division of the Louisville & Nashville, that, beginning next Monday, May 13, the "dinkey" from Cynthiana to Paris and Lexington, would be restored and put in active service again.

The train will leave Cynthiana about 6:45 a. m., and will return to that city about 7:15. The exact time card has not yet been fully worked out. The train operating daily, except Sunday, between Winchester and Beattyville, will be sent on to Cynthiana, lie over there at night and leave early the next morning. The run will be from Cynthiana to Beattyville, via Winchester, connecting at Paris for Lexington, Louisville and Maysville division points.

The restoration of this train service of the Louisville & Nashville will be a great accommodation to the people of Paris and Cynthiana, as well as the farmers residing along the line between those points. They will be greatly gratified to hear of the restoration of this service. Mayor Withers has been working industriously on the scheme ever since the "dinkey" was taken off, and to his efforts the restoration is largely due. Paris people will be equally gratified to have the train put on again. It may mean the restoration of the train service on the Maysville branch, which was discontinued some time ago.

COMING ATTRACTIONS AT PARIS GRAND AND ALAMO.

To-day, Friday, May 10—Ladies and Government Day. Two ladies admitted for one paid admission, plus the war tax. Charles Ray, in new Paramount picture, "The Family Skeleton," with an all-star cast; ninth episode of "The Eagle's Eye," with King Baggott and Marguerite Snow.

To-morrow, Saturday, May 11—Bryant Washburn in "Twenty-one," by George Randolph Chester; Big V Comedy, "Rooms and Rumors," Hearst Pathe News No. 32.

Monday, May 13—Return of the Paris favorite, Mary Pickford, in one of the greatest pictures of the age, "Stella Maris," also a rattling good Mack Sennett comedy, "Those Athletic Girls."

IN THE SERVICE OF THEIR COUNTRY.

Sergt. Willis Jacoby has returned to the Vocational Training School at Indianapolis, Ind., after a visit to friends and relatives in this city and county. Sergt. Jacoby reports the Bourbon county delegation as being in fine spirits and doing well.

Three more colored recruits, Sherman Strother, Clay Brown and Julius Simpson, all of Paris, were sent to Ft. Thomas this week by Recruiting Officer Sharp, who is doing good work here. The men will join the Quartermaster's Department as stevedores.

Among the enlistments in the naval service at the Lexington recruiting station this week were Justin McCarthy, formerly of Paris, who goes in the Naval Reserve Corps, and Jos. A. Jones, of North Middletown, who will be assigned to the marines.

Four colored men from North Middletown, Stanley J. Evans, Robert D. Ranson, Robert B. Carter and Chas. Downing, were accepted Wednesday at the Lexington recruiting station for army service. They will be assigned to the Quartermaster's department as stevedores in one of the army cantonments.

Mrs. Mozelle Huddleston and daughter, Miss Madeline Huddleston, Miss Vella Mastin and Mr. Rankin Mastin and Mr. William Mastin, of this city have returned from a visit to Allen Huddleston at Camp Zachary Taylor, at Louisville. They report the Bourbon county "boys" as being as "busy as bees" and as "happy as larks."

Noel Stivers, formerly of Paris, was here several days this week from Camp Sherman, near Chillicothe, O., on a furlough visit. Stivers is very much pleased with the service and says it has made a man of him. He was a member of the squad called "trouble-shooters," whose duties were to look up deserters and slackers and to guard prisoners in camp. He returned to the camp Tuesday night.

Long troop trains bearing hundreds of Uncle Sam's khaki-clad men, continue to pass through Paris, headed for some Southern camp. Tuesday night a train carrying twenty coach loads of these doughty warriors passed here, en route South. The train was here but a short time, while receiving orders. The men remained in their coaches.

THE NEWS acknowledges receipt of a handsomely lithographed folding postcard from Corporal Teddy Shannon, formerly of Paris. Corporal Shannon is now stationed at Ft. Omaha, Neb., as a member of the Aviation Corps of the army. The souvenir postcard contains a number of interesting views of Omaha, "the Gate City," together with a large batch of statistics and interesting details concerning the business growth of the city.

County Clerk Pearce Paton received a letter from Homer Nutter, colored, who recently left Paris in company with seventeen colored men for Camp Zachary Taylor. Nutter stated in the letter that he had been made corporal, and that he had also been appointed stenographer for his superior officer, Lieut. Lewis. Alonzo Brown, another member of the delegation, had also been made a Corporal. The men from Bourbon have been incorporated in the First Provisional Regiment of colored troops, as members of Company F. Nutter stated that Lieut. Lewis paid quite a compliment to the Bourbon county colored soldiers.

Mrs. S. M. Turpin, of Paris, received this week three large shrapnel shells from her relative, Albert Wachs, of Paris, who is a member of the Field Artillery, now engaged in target practice at West Point, Ky. Wachs enlisted in the service in September. The shells which were dug from the ground on the range are wicked-looking death-dealing instruments. They are so constructed as to hold about a quart of shrapnel. The shell upon striking its target, explodes, sending death and destruction to everything within reach. Wachs said the Kentucky boys at the camp are all ready and anxious to go to France, and only awaited the command.

Mr. Ernest Kiser, son of Mr. and Mrs. James Kiser, of near Kiserston, is a member of the same firing squad in which Wachs is serving. He sent home one large shell and two smaller ones of the same kind Wachs sent to Mrs. Turpin. If these Bourbon boys get the range on the Boches with those field guns they are making such excellent records with, there will be many a funeral "somewhere near Germany."

Mrs. Mollie James, of Paris, has received interesting letters from her sons, Sergt. Lawrence James, who is in the service at Camp Bowie, Texas, and Cornelius James, who is a "jack tar" on the U. S. transport, Covington. The former stated in part: "My application for the O. T. S. was turned down by the Examination Surgeon, on account of my right hand. It could not stand the test given. He gave me four trials to hold an ordinary rifle out, arm fully extended, and hand grasping the rifle at small of stock. I couldn't do

KENTUCKY WOMEN'S CLUB TO ESTABLISH ART MUSEUM.

The Art Committee of the Kentucky Federation of Women's Clubs is working to establish a Kentucky Art Museum, and is bending every effort toward that end. They have already secured several pictures of noted Kentuckians, and will soon add to the collection a fine oil portrait of Joel T. Hart, Kentucky's noted sculptor, which is now being painted by Mr. Sudduth Goff, of Lexington. Mr. Goff has enlisted for service in the United States army, but expects to be given a ten-days' furlough in order to put the finishing touches on the Hart portrait, which is now nearing completion at his studio in Lexington.

This museum will be established for the purpose of fostering the study of art and in preserving the most excellent likenesses of Kentucky's statesmen and noted men that can be obtained, also the best examples of the paintings and sculptures of not only our present and future artists, but those of our past history, many of which have already been removed beyond the borders of the State by big purchase price of the museums of other States.

Mrs. Frank P. Lowry, of Paris, is Chairman of the State Art Committee of the Kentucky Federation of Women's Clubs, which gave the commission for painting the portrait of Joel T. Hart to Sudduth Goff, a Kentucky artist. Mrs. Lowry is doing most excellent work in furthering and fostering art in this State. She is being ably assisted by her sister, Miss Carolyn Berry, who is at present Lady Principal of Sayre College at Lexington.

COUNTY COURT PROCEEDINGS.

In the County Court, Messrs. Edward H. Gorey and D. C. Parrish qualified as executors of the estate of the late Miss Annie Kelly, who died in this city some days ago, by furnishing bond in the sum of \$20,000. Under the terms of the will the executors were not required to furnish sureties. The following were appointed to appraise the estate, which, it is said, will amount to over \$25,000: Clarence K. Thomas, George Doyle and M. J. Lavin.

Bond in the sum of \$7,000 was furnished by Mrs. Stella Wilkerson, in qualifying as executrix of the estate of her husband, Dr. W. C. Wilkerson, who died at his home on Housman avenue, in this city, several days ago.

Acting for the Bourbon-Agricultural Bank & Trust Co., of this city, designated in the will of the late Mr. B. A. Frank, as his executors, Mr. Jno. T. Collins, president of the institution, qualified for that position. The following were appointed as appraisers of the estate: Lee Price, Jos. W. Davis and N. Ford Brent.

Bond in the sum \$1,000, with Mr. S. R. Finney as surety was furnished by Mr. Wm. Blankenship, who qualified as executor of the estate of Mrs. Maude Blankenship. The appraisers appointed for the estate were Steve Eads, Thos. Morris and Thos. Craven.

MR. FICKLEN'S CONDITION PRO- NOUNCED SATISFACTORY.

The condition of Mr. Wm. T. Ficklen, who was injured by a fall from a window at his home Monday, was pronounced yesterday by his physicians as being satisfactory considering his advanced age. Mr. Ficklen has proved a man. It is now thought he will recover.

The hand is a mass of broken bones and torn ligaments, and he says it will never be any good for strenuous work. It's hard luck, for it was damaged in line of duty. I'll have to make the best of it as it is, though it seems as if I had reached my zenith in the army. I have never seen Renick Smith since the time I told you of. We are to occupy the trench system for seventy-two hours, commencing this afternoon (May 4) so I must close and get some sleep."

Cornelius James wrote in part, as follows: "When I got back the ship was about ready to sail, so I didn't get any liberty and didn't have a chance to write. About two hours after I got back on the ship one of the sailors came to me and said: 'James, there is a soldier down below that wants to see you.' I went down and who should I meet but Joe Mitchell, James Ellis, John Collier and Jess Masden, a former L. & N. employe, all Bourbon county boys. I saw a lot of fellows from Carlisle that I knew, and about 350 from Camp Taylor, from different parts of Central Kentucky. We had a short trip, about the shortest we have ever had. The weather was fine all the time. The trip this time took less than a month. I guess I will get another furlough in August. I was awfully sorry I could not have more time at home. Everybody seemed so glad to see me, and I could have talked all day long, they seemed so anxious to know about my work. Joe Mitchell was looking fine, and I saw him every day during the trip over. He said he was really glad to be in the service, doing something for Uncle Sam against the Dutch who butchered women and children. In the bunch of boys I met on the boat were Joe Mitchell, James Ellis, John Collier, (Paris), John Sergeant, (Little Rock), Smith, Hill, (Paris), Ward Pope, (Carlisle), Will Pope, (Centerville), and others I knew well, but could not recall their names. The whole crowd were as unconcerned as if they were at home."

KENTUCKY ORGANIZED TO TAKE PART IN BIG DRIVE.

The third division of the Social Hygiene Division under the direction of Dr. Katherine B. Davis, has been formed by the Commission on Training Camp Activities, Washington, D. C. The organization has been reported to the educational institutions of the country and for this State, the University of Kentucky has been so advised.

The division has for its purpose the education of women and girls. In connection with this work a lecture bureau will be maintained in co-operation with the Social Morality Committee of the War Work Council of the National Y. W. C. A., the American Social Hygiene Association and similar organizations, which have also previously co-operated with the directors of the two other divisions in their work.

Its bureau will supply lecturers to groups of women and girls in all parts of the country and furnish them with literature and exhibits. The work of this section will be intense in industrial communities as well as in communities adjacent to camps.

OFFERS PATRIOTIC SUGGESTION FOR RED CROSS SERVICE.

THE NEWS is in receipt of the following communication from a Bourbon county woman, who for reasons purely her own, and therefore quite sufficient, does not wish her name mentioned:

"Paris, Ky., May 9, 1918.

"Ed. THE NEWS: 'I offer as a suggestion that the women of Bourbon county who raise poultry, and who are getting a considerable number of eggs from their hens each week, give a certain number of these eggs as many as they like, to the ladies of the Red Cross this coming week, and that these eggs be sold, and the money applied to the Red Cross fund. Not only that they could keep it up all through the season, giving a certain number each week or each month, as I honestly think it would be a good one for the women of this county to adopt in order to show their loyalty.'"

This is certainly a splendid suggestion, and if the plan is carried out it would be the means of raising a large sum of money in the aggregate for the Red Cross. If the suggestion meets with the approval of the housewives of Bourbon county THE NEWS will do all it can in the way of aiding by giving publicity to it.

DR. WILKINSON AND CHOIR TO BE HERE TUESDAY.

In response to a cordial invitation to visit Paris, Dr. Richard Wilkinson, of Lexington, and the full choir of his church, a sacred musical organization of superior excellence, will come to Paris next Tuesday night.

Dr. Wilkinson will conduct services at St. Peter's Episcopal church, at eight o'clock Tuesday night. The choir will render an especially prepared program. The services will be of great interest to Paris people, in view of the great esteem in which Dr. Wilkinson is held here. All who heard him speak in the recent Red Cross and Liberty Loan campaigns recall the charm of manner and the eloquence of the speaker, who will ever hold a warm place in the hearts of Paris people.

Everybody is cordially invited to attend this service, which cannot but be instructive and profitable to them.

ROYAL WELSH CONCERT CO. AT BAPTIST CHURCH.

The Royal Welsh Concert Company will be heard in a sacred concert at the Paris Baptist church at three o'clock next Sunday afternoon, May 12. The members of this company are survivors of the Royal Gwent Welsh singers saved from the Lusitania disaster. One of their number will deliver a forty-minute lecture Sunday afternoon, describing his experiences in this disaster.

The program will be under the auspices of the Ladies' Missionary Society of the church. No admission will be charged, but a silver offering will be taken at the close of the program.

This hour of sacred music is for the people of Paris. Lovers of good music throughout the city will no doubt take advantage of this opportunity, and it is hoped that the general public will do likewise. The church should be filled to its utmost capacity on next Sunday afternoon.

EXAMINATION FOR COMMON SCHOOL DIPLOMAS.

County School Superintendent J. B. Caywood announces to-day and to-morrow, Friday, May 10, and Saturday, May 11, as dates on which examinations will be held for common school diplomas. The examinations will be held in his office in the court house in this city. The examinations will be conducted by Miss Susie Clay and Prof. B. M. Roberts.

To-morrow morning at ten o'clock the last meeting for the school session of the Bourbon County Teacher's Association will be held. Turner's "Teaching To Read" will be completed, and the teachers will decide the day and date for the examinations.

The Price of Cotton is Soaring
Higher, Ever Higher--But
the Price of
Wirthmor Waists
is Still the Same

It is a unique and economical merchandising plan that enables us to still sell these wonderful Wirthmor Waists at \$1.00.

The price of cotton and cotton fabrics has advanced excessively—recently reaching the highest figure since civil war days, and still the price of WIRTHMOR WAISTS remains the same.

In these deservedly popular Blouses the materials used are just as good as ever; they'll wear as well; they'll launder as well; they're made as finely; and the STYLES are just as genteel and pretty as in the past.

Only the vast volume of WIRTHMOR sales, the many large economies of the WIRTHMOR PLAN, coupled with the forehanded purchase of material and a fixed purpose on the part of the retailer and maker to hold down price, accounts for these truly remarkable values.

Catarrh of Stomach Did Not Know It

Mrs. Selena Tanner, Athens, Ohio, writes: "I cannot find words to express my thanks for your kind advice. I never once thought I had catarrh of the stomach. I commenced taking Peruna, as you directed. My stomach continued to hurt me for about two weeks after I began the medicine, and then it stopped. I now have a good appetite, while before I was nearly starved."

Those who object to liquid medicines can procure Peruna Tablets.

TRIBUTE TO PROF. YERKES FROM A FORMER PUPIL.

This is neither a panegyric nor a tribute, and is devoid of the formal style of both. I will call it An Appreciation, and treat the subject of this sketch from the standpoint of teacher only.

When I first saw Mr. Yerkes he made a lasting impression upon me. He had been teaching in Paris for a number of years and had acquired a great reputation as an instructor, including, incidentally, a name for such strictness as carried to prospective pupils a well defined dread of being enrolled in his school.

In height, he was commanding; in form he was athletic. His head was massive; his bearing severely dignified.

Not only was he favored with a handsome physique, but he was, intellectually, a finished scholar and a polished gentleman, so that he possessed in the fullest measure the Latin Poet's highest conceivable wish—a strong mind in a strong body.

When he confronted his school, his appearance was impressive, his presence all-pervading within the walls of the school room. It was no place for an idler.

There is a word now much used—"efficient"—but this does not fitly express what he was—he was more than efficient; he was powerful and looked it; physically powerful—mentally powerful.

He was about the last person a pupil would select to be familiar with, to trifle with, or to be the object of a boyish prank.

I had the good fortune of going to school to him, but the misfortune of being limited to one year, as he, at the end of the year, went to Europe to complete his studies, or to do some special University work.

Yet, I felt that this one year was relatively more important to me in its effect than all other schooling I had, either before or after. He taught me how to study.

He received only boys as pupils until the last few years of his teaching and each year limited the number of his pupils.

When school opened on my first day, the boys were promptly seated; with some space between so that each

could be held responsible for any confusion at his desk. After being seated I looked around for a moment at the other pupils to get my bearings, but my attention was promptly directed to the book in front of me, and from that time to the end of the term I understood there was no inattention or idleness tolerated in that room.

The discipline was remarkable. Each boy in the school studied; some more willingly than others, and some with more success than others, BUT ALL STUDIED.

When he called a class the boys took their places with the order and precision of military discipline, though his was not a military school.

The recitations would have been a revelation even to many teachers of long experience. There was no stammering or hesitating, or tire-some or painful waiting—no wasting of time—not the loss of a moment. There were no "Willies" or "Tommies" in his school. But "Willie Jones" and "Tommie Smith" were "Jones" and "Smith," pronounced without the slightest sentimental lingering of sound.

His questions came with an abrupt and alarming quickness and distinctness, and an answer was required with the same promptness and clearness. Failure to answer, or any hesitation, for a part of a second—no, we will not seem to exaggerate, let us call it a second, and then—"Next!" was sounded with a suddenness which made the boy next in line realize the responsibility of answering instantly. There was no repeating the question. The next boy was required to know that he must answer at once, if the first one did not, and so on down the line without repeating the question until it passed to some boy who could answer it.

He had a chalk line near the wall. When a boy missed about two questions he was signalled to this chalk line and required to stand as long as his offending appeared to justify. The falling of a pencil or other noise at the desk, was also followed by the delinquent standing on the line. This was not the only punishment for the boys who missed too often or would not study. Those who were not brought to a sense of duty by this milder punishment, soon found a good, round shaking accompanied with the flying of collar-buttons, a more awakening reminder of the duty the teacher owed the parent who had sent the pupil there to study. But it was rare that a boy failed to mend his ways after having to stand on the line and study in that position, sometimes with his face and book toward the wall. This will be enough to show that, when it came to instructing boys, he was no namby-pamby practitioner of rose-water theories of "moral suasion." This latter method may be best as applied to girls or mixed schools, but certainly not, as applied to schools for boys only.

His method resulted in getting more work out of the least willing pupil than the moral suasion method of teaching produces from—we will not seem to overstate it by saying the BEST students, but the AVERAGE students of the school. While his method seemed harsh to unwilling students, they invariably felt a respect akin to reverence, and as they arrived at a more thoughtful age, an abiding affection took the place of any boyish dislike.

A volume could be written about his methods and results. As we are limited for space we will take one subject only, the teaching of Latin.

For the first year or two his Latin pupils were not allowed to translate a single sentence, but they were drilled in declension and conjugation until they were thoroughly conversant with grammar and construction.

Every young teacher should know how thoroughly he trained his pupils in declension and conjugation. He would skip about from singular to plural and from one case to another with lightning rapidity, and each boy was expected to answer instantly any question. "Accusative singular?" "Genitive plural?" "Dative singular?" etc., and, mind you, there was not to be any hesitation even for a fraction of a second in answering these questions.

So with conjugation. Naming some verb for practice, he would fire in rapid succession a fusillade of questions—"Present Indicative, third person singular?" "Plu-perfect, second person, plural?" etc., skipping from one mood to another and from one tense to another and from one person to another and from singular to plural with a surprising rapidity.

But he drilled his pupils into doing this with great precision and astonishing quickness. After a year or two of this drilling his pupils were permitted to translate simple sentences, but the main work still was conjugation, declension and parsing. The opposite method from this is to teach beginners to translate a few weeks or a few months from the time they begin Latin and before they know much of construction. Pupils taught according to Mr. Yerkes' method rarely made a mistake in translation. Pupils taught by the opposite methods constantly make mistakes in translation. Take a sentence, "Caesar defeated the enemy," those taught by other methods than his frequently translate it, "The enemy defeated Caesar." This illustration may be such a bald mistake as to seem improbable, but it illustrates the tendency of which I am speaking of those not taught by his method to get the subject, object, etc., in the wrong

place in translating from Latin into English.

This is not mere theory. I went to other schools and colleges five or six years after the year I went to Mr. Yerkes and I met with students from preparatory schools throughout the country whose early training was noticeable in their translation work, so that I am speaking from experience after opportunity for observation.

No reference to his strictness or severity of discipline is intended in any other sense than a commendation of his high regard for his obligation to those who entrusted their sons to his care. In fact, it is my opinion that this same strenuous discipline was the main secret of his great success in the school room.

In the long period Mr. Yerkes conducted a school in Paris, many young men of this and other communities came under his charge and training and year after year a number of his pupils entered colleges and universities in this State and in other sections of the country.

Mr. Yerkes had a reputation among the colleges for fine preparatory work. I think it will be conceded that his private school was rated the best in the State for preparatory work.

There is no higher calling than his, and there is no greater success than he attained in that calling.

I shall attempt no eulogy in closing. He needs none. His life, his work, and its untold influences, are his best and highest eulogy.

TO AILING WOMEN.

A Little Sound Advice Will Help Many a Sufferer in Paris.

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the secretions when the kidneys are well, are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of breaking-down pains, lameness, backache, etc. Uric poison is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Paris woman tell of her experience.

Mrs. A. L. Burley, 329 Eighth St., says: "I have used Doan's Kidney Pills, getting them from the Ardery Drug Co., and from the benefit I received, I certainly think they are a good, reliable remedy. Whenever my kidneys have acted irregularly or my back has been weak and lame, I have used a box or so of Doan's Kidney Pills. They have always relieved me of the complaint."

I believe that I am right in the conclusion that thinking people do not want bargain glasses any more than they would want nature to endow them with a bargain pair of eyes.

Buildings suffer from sunburn as much as people do, when they're not protected from Old Sol's grilling rays.

Few could afford enough cold-cream to soothe a blistered barn, but we all can afford a coat or two of paint to keep the barn from blistering.

Good paint gives the sun's rays no chance to warp and crack the wood, so that rain may drive in and start decay.

The Maysville Independent in a recent issue, has the following suggestive item regarding the preparation for combating the expected "drouth" after June 20:

CITY MTRSHAL BARELY ESCAPES HORRIBLE DEATH

Doomed to a Slow and Lingerin
Torture, Florida Official is
Saved at Last Moment.

WINTER HAVEN, FLA., May 7.—After having suffered untold pain and misery for several years, and having been given up by his physicians as doomed to a slow and lingering death, B. F. Norman, city marshal here, states that he was entirely cured in two weeks. He yesterday said:

"For years I was in horrible pain from kidney and bladder troubles, accompanied by very poor digestion. In fact at times my food would not digest at all, which caused me a great deal of suffering, much anguish and greater expense.

"I had excruciating pains in and around my kidneys which left me a physical wreck. I had to get up eight or ten times a night. Sleep was out of the question.

"A friend recommended Acid Iron Mineral and, thank God, I tried it. Almost immediately the pain in my kidneys and bladder ceased. It was well-nigh miraculous in its effect. I now sleep well, instead of having to get up every hour or so. My digestion is again normal. I can now eat what I want, and when I want it.

"It has done me so much good I want to pass the glad tidings along to others who are in the same miserable shape."

The acidity of A-I-M invariably gives instant relief in cases of faulty digestion and impaired kidneys, thus relieving the bladder immediately. Then, by building up the entire system, Acid Iron Mineral banishes all such complaints as are traceable to poor digestion, and a weak, rundown system. As a general spring tonic it is without a peer.

Thousands upon thousands of people, throughout the country, during the past thirty years have uttered similar words of praise for A-I-M, and so great a percentage has been the number of those benefited by its use, that the proprietors make the following unqualified guarantee to those who purchase Acid Iron Mineral:

Go to Brooks & Snapp, druggists. Try a bottle of A-I-M. Then, if you are not fully benefited and don't feel like a new person, take the empty bottle back, and your money will be immediately refunded.

SHIP BUILDERS SPEEDING UP IN THEIR WORK.

PHILADELPHIA, May 9. — All records for rapid construction of a ship were broken Sunday when the 5,548-ton steel collier Tuckahoe was launched at the New York Shipbuilding Corporation in Camden, N. J. The keel of this wonder ship was laid on April 8, and only 27 working days were required to prepare the hull for launching.

The boat was 90 per cent completed when it slid into the waters of the Delaware and in 15 days more it will take its place in the commerce of the world, complete and ready for a cargo.

A distinguished company witnessed the launching, including Charles M. Schwab, Director-General of Ship Construction; Chairman Edward M. Hurley, of the Shipping Board; Vice President Charles Piez, Francis T. Bowles and Senator Fletcher, Chairman of the Senate Commerce Committee. Miss Helen Hurley, Chairman Hurley's twelve-year-old daughter, christened the ship.

President Sends Greeting
Speeches were made to a great crowd of workmen and members of their families by Chairman Hurley, Mr. Schwab and Mr. Piez. Mr. Hurley read a letter from President Wilson, as follows:

"To the workmen and executive staff of New York Shipbuilding Company.

"My dear friends:

"I want to congratulate you on the extraordinary record you have made in your work on the steamship Tuckahoe. I wish I could be present in person to express to you the feeling that I have that we are all comrades in a great enterprise and that you have played your part with extraordinary devotion and skill, eliciting not only my admiration but I am sure the admiration of all who will learn of what you have accomplished. I congratulate you and bid you godspeed.

"Cordially and sincerely yours,
"WOODROW WILSON."

Louisville Woman Says Tanlac Brought Health to Husband and Self.

"Tanlac has brought health to both my husband and myself, and I'm glad to tell others about what this medicine has done for us," said Mrs. Nora Breaden, 224 West Jefferson street, Louisville.

"My system was all run down. I didn't have a bit of energy or ambition, and I was getting nervous all over. I didn't sleep very well at night and didn't get my rest like I should. As a result I felt bad and my housework was hard for me. My appetite was poor and I didn't eat very much.

"My husband wasn't feeling very well, either, and he started taking Tanlac. It helped him quickly, and he started feeling so much better that I began taking Tanlac, too."

"It was just like a race between us after that—a race back to good health. We each took three bottles of Tanlac, and we both are enjoying good health again now. I think I feel as well as I ever did, and my husband says he does, too."

The Women's Society of the Christian church will have an all-day sewing at the Red Cross sewing rooms in the court house next Tuesday. All the members are urged to be present on that day.

The congregation of the Southern Presbyterian church at Maysville, voted unanimously to merge with the First Presbyterian church, and the name of the church will be the United Presbyterian church. The following members are attending as delegates to the State National Convention, now in session at Covington: Miss Eleanor Lytle, president; Mrs. Z. L. Wilcox, vice-president; Misses Fannie Heller, Elizabeth Crutcher, Josephine Fithian and Lucile Hall.

The interest in the revival meeting which began at the Christian Church in this city Monday night has worked up to a high point even in the short space of time that has elapsed since the initial sermon. The pastor, Rev. W. E. Ellis, is being assisted by Rev. Castleberry, of Mayfield, whose sermons are powerful, direct and eloquent. The special music, under the direction of Mr. A. L. Boatright, chorister, is one of the features of the meeting. The meeting will continue throughout this week into an indefinite period. A cordial invitation is extended to the public to attend.

Rev. Geo. R. Combs, pastor of the Paris Methodist church, attended the Frankfort District Conference of the Methodist church, held at the Mt. "THE ARRIVAL OF KITTY."

The members of the Mothers' Club, of North Middletown will, in the near future, present to the public a clever farce in three acts, the cast to be made up of local talent. The play is entitled "The Arrival of Kitty." The proceeds of the entertainment will go for the benefit of the kindergarten class in which the Club is financially and materially interested.

Professional training will be given the members of the cast by Mrs. M. M. Bacon, who is coaching the play, with the very best local talent to be gathered together. Mrs. Mangus Rash, president of the Mothers' Club, will also assist in the management of the play.

The play, "Somewhere In France," which was recently presented at North Middletown by a branch of the Ladies' Bible School of the Christian church, was a great success. The entertainment netted the ladies the sum of \$80 clear of all expenses. The arrangements were in charge of Mrs. Forrest Fightmaster and Mrs. Hedges Rash, assisted by Dr. and Mrs. Cook and others.

Mr. Ballard was head of the Ballard & Ballard Co., one of the largest flouring milling establishments in the United States. He had been in Paris upon several occasions, having lectured here once on the subject of "The Flag of Our Country." He was formerly president of the Louisville Board of Trade and of the Pendenis Club, of Louisville. He had been in failing health for some time, but it was not thought his sickness was serious.

DICKERSON.

—The funeral of Mr. Nathan S. Dickerson, aged eighty-two, who died Sunday at his home at Falmouth, following a protracted illness of general debility, was held at Falmouth, Tuesday afternoon, with services conducted at the Methodist church, of which he was a member. The burial followed in the Falmouth Cemetery.

Mr. Dickerson is survived by his widow, who was formerly Miss Riggs, and a native of this city, and by four children, Mr. E. R. Dickerson, of Paris; Mr. J. L. Dickerson, of Lexington; Mr. Julia Vaughn, of El Paso, Texas; and Mrs. Kate Hamilton, of Philadelphia.

HUTCHISON.

—Mrs. Thompson Tarr, of near Paris, received a telegram Wednesday morning from Mrs. Otilie Hutchison Morris, at Palo Alta, California, stating that her mother, Mrs. Belle Hutchison, died there at 10:30 o'clock Tuesday morning, after a short illness.

Mrs. Hutchison was eighty-four years old. She spent most of her life in Bourbon county, having been a resident of Paris for many years. She was the widow of Mr. James Hutchison, a resident of Paris, who preceded her to the grave many years ago. Mrs. Hutchison was one of the older regime of housekeepers who made the name of Kentucky famous. She had at various times been in charge of noted hotels and summer resorts in Florida and other parts of the country. During her residence in Paris, Mrs. Hutchison assisted her daughter, Miss Sophia Hutchison, in conducting a millinery establishment in the room now occupied by the Postal Telegraph Company's office.

Mrs. Hutchison was twice married, her first husband being Mr. Wm. Kennedy, a brother of the late Mr. John B. Kennedy, of Paris. By this union she had one child, Miss Emma Kennedy, who survives her. By her second marriage she had the following children, Wornall Hutchison, who died in Pittsburg, Pa., many years ago; Mrs. Libby Reeves, of Burbank, Calif.; Mrs. Sophia Truman, of San Jose, Calif., and Mrs. Otilie Morris, of San Francisco.

The funeral was held in Palo Alta, yesterday afternoon at three o'clock. The interment followed in the Palo Alta Cemetery.

RESOLUTIONS OF RESPECT TO MEMORY OF B. A. FRANK.

At a meeting of the Board of Directors of the Bourbon Agricultural Bank and Trust Company, the following appreciation of B. A. Frank was made a part of the records of the Bank:

The untimely death of B. A. Frank has cast a pall of gloom and sorrow not only over his business associates but over the entire community and the county, state and nation are distinctly poorer to-day, because of the passing of such a man.

B. A. Frank was a broad-minded, generous man of high personal character, a most loyal public spirited citizen. His well known integrity, his knowledge of men and his keen discernment in business matters made him almost invaluable to this Bank and to all enterprises with which he was identified. Every member of this board, every employee of this Bank feels a deep personal loss and sorrow for we have lost a friend tried and true. To the bereaved wife and son, brothers and sisters we extend our sincere sympathy and may the consolation that the memory of a life of unselfish service and the good name he has left be yours.

My wife may do with said one-half interest in the firm of Frank

& Company as she may desire, being at liberty to continue or dispose of same as she may elect.

The Greatest Mother in all the World

STRETCHING forth her hands to all in need; knowing no favorite, yet favoring all.

Ready and eager to give first aid to the wounded. Helping the little home that's crushed beneath an iron hand by showing mercy in a healthy, human way; rebuilding it, in fact, with stone on stone; replenishing empty bins and empty cupboards; bringing warmth to hearts and hearths too long neglected.

Seeing all things with a mother's sixth sense that's blind to jealousy and meanness.

Reaching out her hands across the sea to No Man's Land to comfort thousands who must stand and wait in stench and crawling holes and water-soaked entrenchments.

She's cheering thousands, feeding thousands, healing thousands from her store; the Greatest Mother in all the World—the RED CROSS. Millions of loyal Americans will pledge a part of each month's earnings during June, July, August and September.

What Will You Do To Help?

Red Cross 2nd War Fund May 20-27

\$100,000,000 must be raised in America

Every cent given to Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.

It is made up almost entirely of volunteer workers, 10,000,000 unselfish Americans.

It is today bringing relief to suffering humanity, both military and civil, in every war-torn Allied country.

It is there to help our soldier boys in time of need.

By helping the starving women and children in the ruined districts of France and Italy it performs a distinctly military service. A soldier who knows that Red Cross is helping his family fights with renewed spirit.

Thus does Red Cross help to win the war.

Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy, and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

RUBIN AND CHERRY SHOWS COMING.

Many shows, such as circuses and carnivals, have visited Paris, but it is said by Mr. Sam Ach, the advance agent of the Rubin & Cherry shows, who has been here with the famous Robinson Shows, also K. G. Barkoot Shows, which have been the best shows we have had up to date, that they are no comparison to the Rubin & Cherry Shows, of which the A. J. Lovely Co., No. 40, K. of P. Lodge, can be very proud of securing for the benefit of the Red Cross.

This is the best, biggest and most up-to-date show of this kind on the road this year. They will arrive on Sunday, coming from Middlesboro, where the shows are on the main streets, covering four acres of ground. There are eighteen paid attractions, 50 concession stores, merry-go-round, Ferris wheel, merry widow swings and that \$40,000.00 "Whip," first time in Paris.

They are traveling on their own special train of fifteen seventy-foot cars. Meet the show train. Grand free band concert, two hours after arrival. Four hundred show people—just think of it!

NOTED CHICAGO WOMAN DIES IN FLORIDA

SARATOGA, FLA., May 9.—Mrs. Potter Palmer, of Chicago, died late Sunday night of pneumonia at her winter home here. She was taken ill several days ago and members of her family were summoned to her bedside. The body will be taken to Chicago for burial. Mrs. Palmer was born in Louisville, Ky., the daughter of Mr. and Mrs. Henry Honore. After she was graduated from a convent school in Georgetown, Ky., she was married to Potter Palmer, of Chicago, by the late Elder J. S. Sweeney, who was the pastor of a church in Chicago, afterwards a resident of Paris, Ky. Elder Sweeney also baptized Mr. and Mrs. Palmer who became members of his church.

Mrs. Palmer soon became a social leader in Chicago, and, in 1891, was elected president of the Board of Woman Managers of Chicago Exposition. In 1900, she was appointed the only woman member of the National Commission for the Paris Commission and was awarded the Cross of the Legion of Honor by the French government for the work she did in France. Her husband died May 4, 1902. For years Mrs. Palmer had spent her winters at her home here, which is considered one of the most beautiful in Florida.

COVINGTON, KY., May 9.—James Lawler, 39, convicted of the murder of Andrew Nordmeyer, director of the Ninth Ward Building Association in Covington, Ky., was sentenced to be electrocuted in the Eddyville (Ky.) penitentiary on June 14. The sentence was pronounced Monday afternoon by Circuit Judge F. M. Tracy. Lawler, when asked if he had anything to say why sentence should not be passed upon him, replied, "No."

Nordmeyer and Rehm were murdered the night of March 5, when bandits raided the building association's headquarters.

CAUSE OF HEADACHE.

By knowing the cause, a disease may often be avoided. This is particularly true of headache. The most common cause of headache is a disordered stomach or constipation, which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these Tablets. They are easy to take and mild and gentle in effect.

And even if a woman did get so she looked just like a picture in a fashion magazine she wouldn't be happy until she looked like something worse.

ABOUT RHEUMATISM.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief, and make rest and sleep possible. It is called Chamberlain's Liniment.

A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are dependent, do not enjoy their meals and feel miserable a good share of the time. WASHINGTON TELLS STORY OF THE LIBERTY LOAN.

WASHINGTON, May 9.—For the third time within a year the American people have heavily oversubscribed a war credit.

As the third Liberty Loan was closing Saturday night, the Treasury announced the loan had been an "overwhelming success."

Although \$3,000,000,000 was the formal goal of the campaign, official reports, including only a small proportion of Saturday's avalanche of pledges, showed the total as \$3,203,655,400 and there were indications that the aggregate would be increased to nearly \$4,000,000,000 next week when banks have time to tabulate the multitude of last minute subscriptions.

The exact result of the campaign probably will not be known until late this week.

Official estimates place the number of subscribers at between 12,000,000 and 15,000,000—far above the 10,000,000 of the second loan or 4,500,000 of the first—and some officials expressed the belief that the roll of bond buyers would be even greater. To them this was one of the most encouraging features of the loan.

All twelve federal reserve districts, which were the largest campaign units, oversubscribed, and the majority of the States made the same record. Delaware doubled its quota.

The nation's hundred largest banks are no longer confined to one section. The report of the controller of the currency shows that they are scattered over 24 States.

Some people couldn't tell the truth if they tried, others can't tell it when they hear it.

Environment is everything. You can't expect to act as a chambermaid to a mule and smell like a rose.

A Prohibitionist is as great an enemy to society as a burglar, and is a great deal more of a nuisance.

A man never thinks of practicing economy to the extent that he never wastes any words.

TROCO

The Successor to Butter

Made From the White Meat of Tropic Coconuts

WHILE European countries have long used butter made from cocoanuts, America has perfected the de luxe product. The flavor of Troco is only rivaled by the finest dairy product. The more critical you are the better you will appreciate the quality of Troco.

Your enjoyment of this new delicacy is increased by the thought of its appetizing ingredients. The fat from the same dainty white coconut meat you use shredded on cake and pure pasteurized milk is an appealing combination.

The fastidious care used in every process of making is another recommendation. The makers of Troco specialize in this one product.

High Nutritive Value

Troco, like butter, is invaluable energy food of the highest nutritive value. It is equally digestible and easily assimilated.

It is not a substitute for butter, but really butter's successor, solving the butter problem for millions.

Old laws, made before this great discovery, compel us to label it as an oleomargarine, but Troco contains no animal oils—and no preservatives—it is made only from

vegetable fats and milk—wholesome, natural ingredients. A capsule of the same vegetable coloring used by butter makers supplied with every carton by your grocer.

Judge It for Quality Alone

Troco wins users on quality alone. You should judge it from this standpoint only. Compare it to the finest creamery butter you have ever used. Serve it without explanation. The unanimous verdict will be "Please pass the Troco."

Dr. Wilkinson is not a stranger in our midst. He has been here a number of times. He is one of the busiest men in Lexington, and is now engaged in work for the Red Cross. His lecture will be worth your time, and those who fail to hear him will miss a rare treat.

—THE SICK.—Mrs. America Butler continues very low and her death is expected at any time. Mrs. M. E. Martin is confined to her bed again. Mr. James Clever is improving. Mr. William Clever, who has been suffering with blood poison, is also improving. Mr. Earl Hill, who has been confined to his bed for several days, is able to sit up a little. Mrs. Fannie Norton continues about the same.

—The spring and summer Red Cross will begin Sunday evening.

May 10th, which will be commencement Sunday of the M. C. A number of speakers will be present, and we hope to raise a good part of the assessment on that date. Our last assessment was \$1,200. The coming one will be \$3,000. Let everybody prepare for it, and make up their minds what they are going to do. Remember the amount must be raised! And let's face the situation at once.

—Mr. Joseph Andrew Miller, aged eighty-seven, died Monday at noon after a lingering illness of general debility. Mr. Miller was one of the most prominent citizens of Millersburg. He was a son of the late Mr. Alex. Miller, and a grandson of John Miller, the founder of Millersburg. In early life he was an extensive farmer. After giving up the farm he moved to Millersburg, where he opened a grocery. After the fire of 1884, at which time a large part of the business section of Millersburg was destroyed, he formed a partnership with Mr. R. P. Milam, the firm being known as Miller & Milam. Their business was largely extended.

Some years later Mr. Milam retired from the firm, his interest having been purchased by Mr. J. A. Butler, the firm then being known as Miller & Butler. They erected the brick building on Main street, now owned by the Odd Fellows Lodge, the Opera House occupying the second floor. They operated their business in the now vacant store room which for several years was occupied by the dry goods store of Corrington & Smedley. During the panic, from 1893 to 1896, this firm closed out their business. Later Mr. Miller opened a small hardware store in connection with stoves and tinware, in his property on the southwest corner of Fourth and Main streets. The business soon became prosperous, and as time went on he enlarged his stock. A few years later he took in his nephew, Mr. A. S. Best, as a partner, who had resided since childhood in his family.

About three years ago Mr. Miller retired from active business life, turning his interest over to Mr. A. S. Best. At the time of his retirement the business was prosperous. Mr. Miller has enjoyed the comforts of a retired life, and the pleasure of his numerous friends. When quite a bachelor he was united in marriage to Miss Sarah Best, of near Mason county, who survives him. Their married life was a happy one, though their union was blessed with no children. When quite a young man, he united with the Methodist church, of which he has been a faithful member. Mr. Miller was a progressive man, interested in everything for the good and upbuilding of his town, community and county. A number of

HOME BURNS WHILE PARENTS
ARE VISITING SICK BOY.

While they were at the sick bedside of their son, Aaron Smith, at the Harrison Hospital, in Cynthiana, Wednesday morning the home of Mr. and Mrs. Otis Smith, a short distance from Shadynook, in Harrison county, was totally destroyed by fire. All the household effects and clothing of the family were consumed in the flames. Young Smith was severely injured in an automobile accident on the Millersburg pike, near Cynthiana, Sunday night, and had been taken to the hospital.

Two neighbor boys went to the Smith home, in the absence of the family, in order to attend to the milking. They started a fire in a coal-oil stove to heat water to clean the milk separator. It is supposed the stove exploded. A high wind fanned the flames, which destroyed the home.

BIRTHS.

—At the Massie Memorial Hospital, in this city, to the wife of Mr. A. J. Carroll, of Fifteenth street, a daughter.

Single men may have to borrow trouble. But married men have trouble thrust upon them.

You may have noticed that the housewife who is kept too busy to think about nervous prostration never has it.

One redeeming feature about the tightwad is that he isn't always coming around bothering you to lend him money.

When a man gets a six-page letter from his wife he doesn't read it. He looks at the P. S. at the bottom and finds out why she wrote him.
